RAI STEEL

• AN AMERICAN FABRICATION COMPANY •

When you choose RAI Steel, it's a **F.A.C.T.**

F. Fast Our state-of-the-art fabrication facility offers the industry's most automated equipment. This automation greatly reduces fabrication time which translates to faster delivery and faster construction. Likewise, our detailing department is equipped with industry leading 3D BIM software which produces 3D models and shop drawings faster than our competition. Time is money, and RAI will save you both!

A. Accurate Our experience, tools and values (Safety, Quality, Integrity and Results) are reasons we are accurate. Our people are steel fabrication experts and armed with the tools to do the job right. Our robotic plasma is fed through CNC files eliminating human errors and our quality control program ensures that all products are checked prior to shipment.

C. Competitive Industry leading automation and experience produces efficiency. RAI's efficiency translates into cost savings to you. As one of the industry's lowest cost producers, RAI Industrial Fabricators will always be your competitive choice.

T. Timely Our commitment to on-time delivery of drawings and products will surpass your expectations. We believe that we should say what we do and do what we say. We will communicate throughout the process and strive to keep every commitment we make.

- Industrial • Structural
- Aluminum • Miscellaneous
- Stainless • Architectural

INDUSTRIAL FABRICATION EXPERTS

Detailed

- In-house 3D BIM detailing / modeling
- Quicker drawings, less front-end delays
- Reduced errors, issues & headaches

Fabricated

- Automated fabrication, paint and finishing
- AISC certified fabrication - Just-in-time
- All parts fabricated & tracked in-house

Delivered

- Company managed freight
- When and where you want it
- Site storage issues resolved
- Parts & loads bar coded and tracked

Managed

- Experienced project managers on your site
- Professional, knowledgeable and responsive
- Pre-construction through closeout

Erected

- Focused on safety, fit and accuracy
- Experienced and certified
- On time and within budget
